

## FACULTY OF ENGLISH LANGUAGE

At the Faculty of English Language we take great pride in our commitment to student success, and understanding the rate of passability in our programs is a key part of that mission. Since the program is new, so far we have one generation that completed the program, here are some statistics about this generation particularly Generation 2021/2022.

### Rate of Passability of the Program - Generation 2021/2022

1. Total Number of Students Enrolled: 52
2. Total Number of Students Who Completed the Program: 46
3. Total Number of Students Who Did Not Complete the Program: 5
4. Total Number of Dropouts: 1
5. Rate of Passability Calculation: 88.46% of students enrolled in the English Language Program completed their studies.

### Factors Influencing Our Passability Rates

- Our program continuously is reviewed to ensure the curriculum is being followed preparing students for real-world challenges.
- UBT offers a range of services, including tutoring and counseling, to help students navigate their academic journey.
- Our professors are not just teachers; they are mentors who genuinely care about student success and are available for extra support.
- We encourage students to participate in summer academies, conferences, workshops, and other activities that enhance their learning experience.

## **Continuous Improvement**

We regularly analyze passability rates not just within the program but also across the courses so we can identify areas for improvement and implement targeted interventions. For example, if a particular course has lower pass rates, we might consider revising the curriculum or providing additional resources for that subject.

## **Transparency and Feedback**

At UBT, we believe in being transparent about our performance. We share these rates with our community, including students and stakeholders, to foster trust and collaboration. Additionally, we actively seek feedback from our stakeholders using their experiences to refine our programs further.

## **Looking Ahead**

We are committed to continuously enhancing our supporting system. By using data analytics and staying responsive to student needs, we aim to not only maintain but improve our passability rates.

At UBT, every student matters, and we're here to ensure that they have the best chance to succeed in their academic journey.
